 Nakamichi®

The Right Boost.

There is no reason to settle for less. Nakamichi's latest mobile subwoofer, SPW-1210, is your weapon of choice for unsurpassed bass reproduction.

Made with high quality die cast aluminum with CNC line baskets and cooling method design, be thrilled by precision controlled resonances that will ensure no distortion is heard. With our proprietary tall excursion foam surround technology, the non-pressed paper cones are guaranteed to sustain a wide range of temperatures, moisture and humidity. Sporting gold plated binding posts and double stacked strontium ferrite magnet, SPW-1210 will deliver the right boost for a phenomenal performance.

Features

- CNC Line Baskets & Cooling Method Design
- Non-press Paper Cones
- Proprietary Tall Excursion Foam Surround
- Gold Plated Binding Posts
- Up to 160 Oz of Double Stacked Strontium Ferrite Magnet

Specifications

Model	SPW-1210
